

Help **Kenton Brothers Inc.**

support the

RONALD MCDONALD HOUSE
CHARITIES OF KANSAS CITY

by donating *brass keys* and
other *brass* materials...

Why collect old keys?

This is a fun way to clean out your drawers, it's good for the environment, and you benefit Ronald McDonald House Charities of Kansas City.

What keys do we accept?

We accept loose keys. We **can not accept** any keys **with added plastic coatings**.
Please remove key rings.

How can I find more keys?

Good places to ask are: locksmiths, hardware stores, realty companies, apartment houses, hospitals, banks, car dealers. Most businesses are happy to donate their keys. If you give us the business name and address, we'll send them an acknowledgement for their donation to help the families and children who stay at the Ronald McDonald Houses.

What happens to the keys?

They will be recycled at Advantage Metals, our participating recycler. The money raised from the recycling project will go to House operations to help the families who stay at the Ronald McDonald House Charities of Kansas City.

How can we deliver our keys?

You may drop off your keys at Kenton Brothers
1718 Baltimore Ave., Kansas City, MO 64108

At either Ronald McDonald House:
2502 Cherry or 2501 Cherry--from 9am-8pm
daily. The House Manager or volunteer will
gladly accept your keys!

Ronald McDonald House Charities mission is...

...to reduce the burden of childhood illness on children and their families by creating a caring and uplifting environment, and by providing comfortable lodging convenient to a health facility.

Ronald McDonald House Charities cannot cure a child, but it can alleviate the worry and expense of finding a close, comfortable, and affordable place for a family to stay while their child receives the medical care they need. This can make a world of difference to a child bravely battling an illness or recovering from a serious injury.
